ADVANCED R&D FACILITY

Advanced Infrastructure

Cutting-edge labs, pilot plants (spraydryers, ice cream plant) and microbiological facilities for rigorous quality control.

Bakery Solutions

Developing emulsifiers and whey protein concentrates for improved texture, shelf life and volume.

Beverage Research

Creating NDC, FFMP, and beverage whiteners for tea and coffee industries.

R&D Focus Areas

Specializing in bakery, dairy, beverages and plant-based solutions to enhance product quality and performance.

Dairy Innovations

Formulating stabilizers and emulsifiers for products like whipping cream, ice cream, and cheese dips.

Customization & Compliance

Tailored solutions with strict adherence to global food safety standards (FSSAI, FDA).

Connect with us for R&D services or customisation of products
